Gas power - quieter - cleaner - greener

Welcome to the new **greenwave** service. The new buses are powered by compressed natural gas which makes them quieter than diesel buses. The CNG fuel will soon be taken straight from the gas main at the depot, so no fuel tankers will be required. The gas used will be replaced in the mains supply by gas purchased from an accredited bio source.

Grass powered!

Christmas 2013

On Christmas Eve and New Year's Eve the last **greenwave** buses will be at 8.00pm from Reading Station and 8.07pm from GreenPark (Costco).
