

Caroline's tips: What an amazing song!!! The melody is fairly low in pitch at times but in order for sops/altos to enjoy sharing the melody with the bass section this means exploring your lower voices. It's also a high-tempo song so warming up your mouths/lips to engage with the pace of the lyrics is important. But it's just amazing! How lucky we are to have a song like this to perform! Thank you Freddie! Cx
