

**Caroline's Tips:** Another great hit song from Queen, released back in 1977 & yet the whole world today knows it & can sing along as if it was in the current charts! The 2 verses are thoughtful/reflective and have a sad feel but end with a courageous, energising and uplifting few bars into the powerful choruses. A big anthemic finale for you to enjoy and an emotional song overall! A great end song for your shows! Cx
